Salt Attack and Rising Damp

Publication by the Heritage Council of NSW.

Salt Attack and Rising Damp provides information to understand what causes salt attack and rising damp and to diagnose and identify appropriate repairs for cases commonly seen in Australia. While emphasis is given to buildings of heritage value, the principles apply to all older buildings.

This extensively illustrated book provides useful guidance for architects, planners, local council officers and heritage owners.

Salt Attack and Rising Damp is $25 inc. GST (plus $3 postage)

A discount of 10% is available for bulk orders of 5 or more copies.
